

Huge Crowd Witness Winter Sports Opening

BASEBALL STARS TAKE PART IN FESTAL OCCASION

Opening the season of winter sports, selecting a winter queen, and entertaining a group of distinguished guests, occupied the attention and time of the people of Grayling over the week end. Ten well known major league ball players were here to help make the event more impressive and interesting.

While the opening didn't take place until Saturday, many of the diamond stars arrived here Friday afternoon. And as an introduction the public was privileged to see these men in action when they met the Hanson Cafe basket ball team for a tilt, following the Grayling-Gaylord game at the school gym Friday evening.

The next morning ball players took in the winter park and soon got into the winter games with spirit that only regular fellows possess. They tried everything from skating, tobogganing, skiing, saddle skiing and ski jumping.

In the afternoon the wives and other ladies who accompanied the ball players, were entertained at a tea at the home of Mrs. C. G. Clippert. Here sound records were made with about all the guests having a turn at the mike.

In the evening there was a banquet at the Fischer Hotel dining room. Rabbit was on the bill of fare and some of the banqueters were privileged for the first time to test the delicacy of Northern Michigan snowshoe rabbits.

Of course there were speeches, and the toastmaster was none other than the well known Detroit Free Press sports writer Tod Rockwell. There were nearly a hundred persons present and everyone had to at least take a bow and others were privileged to make remarks.

It is always interesting to learn what others think of us. Leo Macdonald, sports writer for the Detroit Times was one of the interested visitors here for this opening occasion and his writeup in the issue of the Times January 9th was so interesting and complete that we take the privilege of copying it here in full. It reads as follows:

Detroiters Join In Frolic
George (Birdie) Tebbetts' grand opening of the Winter sports season here over the weekend got off to a glorious start. Besides a large influx of Detroiters scores of top folks from various other sections of Michigan jammed this lovely little city and from each and all came the one cry: "We had the time of our lives."

The fact that all of the toboggan slides have not been completed and temporary ski scaffolds are still in service and that the "snow trains" from Detroit did not start to operate until this weekend did not in any way put a damper on the show.

The weatherman was considerate in providing plenty of snow and fine weather to go with it. The Winter sports committee is looking forward to more thousands coming to make merry in Michigan's Winter wonderland.

WINTER QUEEN PAULINE MERRILL Photo by Kramer

Pretty Pauline Merrill, daughter of Mr. and Mrs. Joseph Merrill, selected to serve as Queen of Grayling Winter Sports. Miss Merrill is 19 years of age. She is a graduate of St. Louis, Michigan high school, coming to Grayling with her parents in 1938. She is employed at the Dawson store. She is a charming young lady and is popular among Grayling's younger set. She will appear in person at all important winter sports events, and also in several cities of Michigan, including Detroit, Flint, Saginaw, Bay City, Lansing and other places.

Cullenbine, also of the Tigers . . . Mike Tresh, ex-Detroit sandlotter now brilliant first string receiver for the White Sox . . . Hazen (Kiki) Cuyler, 19 years in the National League and now manager of the Chattanooga club, which he last year piloted to a Southern League championship.

Cuyler lives in Harrisonville, Mich., up on the shores of Lake Huron, where he is head of the Goodfellow organization . . . and one of the best shots in the northland . . . Don French, pitcher from Mt. Pleasant who will be with the Boston Bees this season. (French, once a Tiger who pitched under-handed like Elden Auker, now tosses over-handed) . . . and Jo Jo White, Detroit's

Pauline Merrill Chosen Winter Queen

The highlight of the big weekend was the ball given at the school gym Saturday night.

The enthusiastic crowd started arriving early, eager to dance to the swing of the excellent music of LeRoy Smith and his fourteen musical artists. The floor was filled to capacity with every number and nothing but praise was heard for the famous orchestra.

The decorations gave the gym that warm, cheery appearance so necessary to a cordial atmosphere. Falling in uneven line around the balcony was royal blue chenille fringe with a silver ball at the end and fastened with a silver star above. Hanging from the center just above the balcony was a huge cluster of multi-colored balloons.

The orchestra platform and steps leading to the platform floor were covered with a mulberry cloth which matched in shade the rich mulberry velvet curtain which hung in folds back of the orchestra. White and silver pedestals graced the steps leading to the platform and tall pine trees stood guard at the sides of the attractive arrangement. The effective lighting threw a soft light over the entire dance floor, completing the decoration.

At eleven o'clock, to the music of "Winter Wonderland," the nine lovely young ladies as queen contestants, lead by junior pages, appeared at the front of the gym. They were Elsie Mae LaMotte, Norberta Weiss, Pauline Merrill, June Morris, Natalie Peterson, Gloria McNeven, Mary Jane Joseph, Bonita DeLaMater, and Ruth Burrows. The junior pages were Nell Kerry Welsh and Billy Ann Clippert.

The young ladies made a lovely picture in their long chiffon gowns, in the pastel shades, carrying colonial bouquets from which matching ribbon streamers fell, as they paraded before the line of distinguished judges composed of Jo Jo White, Dizzy Trout, Roy Cullenbine, Don French, Mike Tresh, Benny McCoy, Frank Secory, Bing Miller, and Ki Ki Cuyler.

When the last fair contestant had passed the line the ballplayer judges went into a huddle and the decision, announced Birdie Tebbetts, master of ceremonies and Winter Sports publicity director, was Miss Pauline Merrill queen, and Miss Norberta Weiss, lady-in-waiting. The applause that followed showed the crowd was pleased.

The Queen's Committee was composed of Mrs. C. G. Clippert, Mrs. Esbren Hanson and Miss Margrethe Bauman.

Mrs. A. J. Joseph and Mrs. Harold MacNeven were the decorating committee.

The ball was a fine success in every way and our congratulations are extended to all those who are responsible for the affair.

OUT-OF-TOWN GUESTS ENTERTAINED

To compliment the out-of-town ladies who were guests of the Winter Sports Committee, Mrs. C. G. Clippert opened her home to some thirty-five at an hors d'oeuvre party Saturday afternoon.

During the afternoon broadcasting records were made which were both interesting and amusing to the guests. Those participating in the broadcast were: Birdie Tebbetts, Mr. Schlagle, Mrs. Clippert, Mrs. Jo Jo White, Mrs. Paul Trout, Mrs. Leo Macdonald, Mrs. Roy Cullenbine.

Mrs. Clippert was assisted by Mrs. Harold MacNeven and the Misses Jayne Keypert, Georgiana Olson, Gail Welsh and Mary Gretchen Connine.

Guests from out of town included: Mrs. Jo Jo White, Mrs. Roy Cullenbine, Mrs. Paul Trout, Mrs. Donald French, Mrs. Leo Macdonald, Miss Ruth Heinbaugh, Mrs. Michael Tresh, Jr., and Mrs. Frank Secory.

Later the same ladies together with the ladies of the Queen's committee, were guests of the Winter Sports Committee at a dinner at Shoppenagons Inn.

All calls answered quickly, any hour of the day or night.

Catholic Women Met Here Wednesday

Some fifty women were in attendance at the district meeting of the National Council of Catholic Women held in Grayling Wednesday afternoon. Grayling Catholic Woman's Guild were the hosts and the meeting was held at St. Mary's parish hall. Roll call revealed that there were large groups from both Mancelona and Gaylord with a nice representation of Grayling women.

Day 2481 Night 3671

Strong Cast To Present "Star Spangled"

The part of the Polish people in American life is one of glory and accomplishment as exemplified by Pulaski and Kosciusko but the humorous side of this colorful and interesting race had never been brought to the attention of the public until Robert Audrey wrote "Star Spangled."

And now it is our pleasure to bring to you "Star Spangled" in all its uproarious absurdities.

"Star Spangled" is a play that does not follow the conventional pattern. It is as refreshing as a bowl of goulash after one has been fed up on table d'hotes.

The story follows:

Mary Dziesienwska, widow, has three sons, Gregory, who is serving time in Michigan City; Vincent, who is campaigning for a seat in the legislature and Stan, who is a dumb ball player in the Texas League. Mary also has a beautiful daughter, Anna, who dances at the theatre.

Gregory gets out of prison through the sewer and comes home for a week end vacation in which he hopes to bump off Czyko, Polish-American boss who was responsible for his conviction. Vincent hoping to buy Czyko's influence doesn't want him bumped off.

There is a good deal of excitement keeping Greg and Czyko apart until Greg has to get back to prison. He could have stayed longer but he had borrowed a gun from the vice-president of the prisoners' killers' society and the owner had planned to shoot his way out Sunday afternoon.

Masters is the show man who gives the impression of a busy insect and who wishes to become Anna's manager.

Steve is the boy friend who Anna goes with in a pinch.

Professor Jake is the mildly spoken professor who tries to keep the Dziesienwska household running smoothly.

The cast is all local talent and this year we have added some new stars to our list and they really shine.

Come and watch Don Sweeney as Vincent the promising politician. He's smooth and what's more he's Honest!

Fred Welsh Jr. is Gregory. If you've never seen a convict from Michigan City, Ind. state prison, now's your chance! He may be a killer but he's still his momma's baby at heart.

See Don Gothro as the big Polish boss, eat celery. He's a big shot alright but he loves home cooking and cock fights.

If you want to see a hard-boiled old biddy that can lick her weight in wildcats, see Catherine Carr as Mary Dziesienwska.

See Eileen LaFave as Anna the pretty dancing daughter who bites people as side-line.

George Roy Smith is Steve who drives a Buick and will marry Anna any time she'll have him.

Cecil Roberts as the dumb ball player, Joe Stripe as Professor Jake and Jack Redhead as Masters need no introduction to you as they have entertained you royally before.

Come and sit through an hour and a half of the most hilarious you've had in years. "Star Spangled" is being produced for the benefit of the Grayling High School Athletic Association. By buying a ticket to "Star Spangled" you will not only benefit yourself but help the school and all of the good, clean sport that it sponsors.

Wednesday and Thursday, January 17th and 18th; 8:00 at the High school auditorium.

Price 15 and 25c. Reserve seat 10c extra. Reserve seat chart at Mac & Gidley's.

C. OF C. MEETING NEXT MONDAY NIGHT

There will be a meeting of the members of Grayling Chamber of Commerce next Monday evening, at the Courthouse.

Payment of 1940 annual dues is requested promptly, for the board needs money for expenses and for promotion work that is being planned.

Next Sunday, Monday and Tuesday, Grayling C. of C. will be represented at the Detroit News Travel show that is to be held in Masonic Temple, Detroit. Ernie Borchers and Jack Redhead will have charge of the Grayling exhibit and pass out resort and other literature pertaining to Grayling. Birdie Tebbetts and Queen Anna also expect to make an appearance at the Grayling booth.

Funeral services will be held Sunday

Floyd McClain is clerking in the Olaf Sorenson & Son store.

Miss Anne Walton entered the training school for nurses at Harper Hospital, Detroit, Tuesday. Miss Walton is a sister of Mrs. C. R. Keyport with whom she has made her home for a few years.

A son arrived at the home of Mr. and Mrs. Samuel Johnson on New Year's day, January 1.

Mr. and Mrs. Appleburg are the proud parents of a daughter born to them Tuesday of this week at Mercy hospital.

Miss Johanne Henrickson gave a miscellaneous shower at her home Saturday evening for Mrs. L. C. Bundaard, formerly Miss Anna Jenson. There were ten young ladies present, and in a flower contest, Miss Margrethe Hemmingsen won the prize.

Robert Ziebell is confined to his home with an attack of pneumonia.

Miss Matilda Henrickson resigned her position at the local telephone office and Miss Minnie Sherman is filling the vacancy. Miss Flora Hanson is the new night operator.

Thru the enterprise of the Good Fellowship club there is being provided a municipal ice skating rink. R. Hanson has donated the land used for football games on Lake street.

J. Wilson Staley, a former Grayling young man, now of Detroit, Tuesday was elected director and senior vice president of the Peoples State Bank. Mr. Staley left Grayling about 25 years ago.

George Burke was in the city Monday and says that he has already sold several Ford cars for delivery early in the spring. Just as soon as the weather permits he will begin the construction of a garage on the corner of Cedar and Ottawa streets. The lower floor will be used for garage and sales rooms and a full supply of repairs will be carried in stock. He says that he has not fully determined just what use he will make of the upper story but at present has in mind a roller skating rink for that place.

An alarm of fire was sounded Thursday morning and the home of David Chrysler was found to be in flames. All furniture and belongings were removed to safety, but the upstairs of the two story structure was badly damaged. Mr. Chrysler with his daughter and husband, Mr. and Mrs. Fred Carr occupied the home.

Lansing—Although crystal gazing at this time of the year is apt to be done through rose-colored glasses, 1940 forecasts for Michigan have been in significant agreement by predicting:

1. Reasonable prosperity for wage-earners and farmers.
2. Improved financial condition for state government.

3. National spotlight on Michigan's political figures—Arthur Vandenberg of Grand Rapids, Thomas Dewey, formerly of Owosso, and Frank Murphy of Detroit.

All in all, they point to an interesting year for Michigan.

While the present European war makes the American scene subject to uncertain economic fluctuations, all signs now point to a long and exhaustive struggle overseas. The domestic industrial, business and farm forecasts are all predicated in a degree on the assumption that Hitler and Chamberlain will be calling each other names for many, months to come.

Sales Taxes Soar
Michigan basked in better times during 1939.

Proof is seen in the soaring sales tax revenue collected by the state.

According to Walter F. Reddy, managing director of the state board of tax administration, a total of \$7,908,000 more was collected during the six months ending Dec. 31 than during the previous period.

Aside from efforts to effect economy in payrolls and department spending, the state administration is pinning its chief hope apparently on a continuation of good business in 1940 with a resultant rise in state revenues such as from the sales tax and liquor.

As for the \$26,898,000 deficit inherited one year ago from the previous administration, neither state officials nor the state legislature have agreed upon a definite plan to this financial problem.

Governor Dickinson has said repeatedly that he opposed the imposition of new taxes. But whereas his predecessor campaigned on a pledge to reduce state payrolls by many millions, Dickinson has been content to balance the budget—or practically so, at least—and to rest the administration's case on a stand that the constant rising curve of state government costs be leveled off.

Hartman for Economy
While firm insistence on economy, Budget Director Gus T. Hartman has incurred the hostility of many special groups.

Realistic to the trend of increased centralization of responsibility at Lansing Hartman recently declared:

"Once a tax is imposed, it is never removed. We have already reached the staggering stage under the burden of taxation. The time to fight for good, economic

responsible government is now."

"State appropriations have increased \$46,000,000 a year from 1930 to 1940. This is an increase of \$40,500,000 in aid to local units and \$5,500,000 in administrative and operating costs. The increase includes \$27,000,000 a year for new activities, such as old age assistance, aid to dependent children, and aid to blind, an emergency welfare relief. The major increases of aid to local governments went to schools and welfare."

Hartman's views against new taxes have been echoed generally by other state officials. Even the proposal of Melville B. McPherson, state tax chairman, that the date for collection of the state intangible tax be advanced from January, 1941, to January, 1940 has met with widespread opposition. Vote-seeking officials didn't like the idea of collecting a "new" tax before the 1940 November elections.

High Wages
Michigan, manufacturing center for automobiles, furniture and paper, fared well industrially during 1939. Leaders predict sustained and even augmented production and sales during 1940.

Federal economists have been insisting that a slump would take place during the first six months—at least a tapering off from the high point of production following the declaration of war last Sept. 3. But the automobile industry, for one, is anticipating a good sales year for 1940, and that means much to the entire state.

Wayne county with its General Motors, Ford, Chrysler and Hudson plants led all counties in the United States during 1939 in industrial wages.

The automobile worker receives the highest wage per hour of any specialized group in the nation. Rubber workers are second.

As any Michigan resident well knows, the automobile industry sets the pace for Michigan prosperity. It reaches into scores of small towns where automotive parts are made, and it feeds thousands of dollars to tourist sections for fishing, hunting, and vacations.

Welfare Home Rule
While local officials were putting pressure on state officials at Lansing for more welfare assistance, Attorney General Thomas Read bolstered up administration resistance last week. He ruled that county welfare boards may refuse to provide relief for the poor in cities or townships that have failed to provide for funds to solve their own welfare problems.

Read asked point-blank that the burden of relief, under the new home rule welfare act, was plainly a responsibility of local units of government. He opined that supervisors had authority to add a levy to the tax roll of any municipality or township which was not financing its own welfare adequately.

As any Michigan resident well knows, the automobile industry sets the pace for Michigan prosperity. It reaches into scores of small towns where automotive parts are made, and it feeds thousands of dollars to tourist sections for fishing, hunting, and vacations.

High Wages
Michigan, manufacturing center for automobiles, furniture and paper, fared well industrially during 1939. Leaders predict sustained and even augmented production and sales during 1940.

Federal economists have been insisting that a slump would take place during the first six months—at least a tapering off from the high point of production following the declaration of war last Sept. 3. But the automobile industry, for one, is anticipating a good sales year for 1940, and that means much to the entire state.

Wayne county with its General Motors, Ford, Chrysler and Hudson plants led all counties in the United States during 1939 in industrial wages.

The automobile worker receives the highest wage per hour of any specialized group in the nation. Rubber workers are second.

As any Michigan resident well knows, the automobile industry sets the pace for Michigan prosperity. It reaches into scores of small towns where automotive parts are made, and it feeds thousands of dollars to tourist sections for fishing, hunting, and vacations.

Kills Wild Boar With Bow and Arrow

Armed only with a bow and arrows, Roger Raymo of Knoxville, Tenn., president of the Knoxville Archers' club, killed a ferocious wild boar in the government-sponsored wild-boar hunt in Cherokee national forest. After being hit, the boar charged at the hunter and dropped a few feet in front of him.

DRESSY FELT HAT

There is dash and dignity to this pictured little felt hat. It has such diverting details as the corded felt finish that edges the open crown brim and the gathered mid-crown caught with an engaging corded bow, and that final touch—the soft veil that sweeps around the crown and trails down the back.

Grayling Sportsman's Club voted, unanimously, to keep local lakes open for winter fishing. The meeting held at the Grange Hall was well attended by members of the club.

Statistics shown by creel census carried on by the Department of Conservation, that the majority of the lakes in Northern Michigan were affected by winter fishing. Fish taken in the winter were of the predacious species and the removal of these fish was a benefit to the lakes, giving the smaller pan fish a chance to survive.

It has been estimated that the number of fish taken, per lake acre, in the summer time was 30.0 fish, while winter fishing per lake acre, only yielded 0.3 fish. Winter fishing on Lake Margrethe yielded only 0.1 fish per hour throughout the winter season or 0.2 fish per lake acre.

The Club also voted to join the Michigan United Conservation club whose policies are for better conservation in Michigan.

(Continued from first page). wires, all of them, the civic-minded Graylingites over the week-end went sky-high to make everything as pleasant as possible for the visitors.

At the men's dinner Saturday night dynamic Tod Rockwell was master of ceremonies... and did his usual good job in introducing celebrities of Grayling and other Michigan cities and towns... Among those from Detroit were: Jim Carey, president of the Old Timers Baseball Association... Eddie Lewis, the demon Arena Gardens promoter... with his shadow, Louis Markovitz... and Rhody Hanrahan, secretary of the Michigan Racing Commission... the Winter Sports, Inc., officers, of course; C. J. McNamara, president... Clarence Johnson, vice president... Harold (Spike) McNeven, secretary... (Mr. McNeven is the proprietor of the famous "Keg of Nails", the door of which no one passes)... and A. J. Joseph, treasurer. Grayling Mayor Lends a Hand

Also present were George Burke, mayor of Grayling and oldest dealer in that north country in serving the people with Fords... John Bingham, mayor of Alpena, who knows how to put over a story... P. J. Hoffmaster (Lansing), head of the state conservation commission... Claude R. Keyport and C. G. Clippert, two of Grayling's outstanding medical men... Alfred Orhm, one-time national ski champion... Carl W. Johnson, Grayling lumber broker who once was considerable of a ball player... Donald Berry (Houghton Lake)... D. E. Matheson, Roscommon editor... Alfred Hanson, influential garage owner, and Charles E. Moore, attorney, a couple of more of Grayling's leading citizens.

Roy Trudeau, the Grayling innkeeper... W. K. Williamson, city manager of Mt. Pleasant... Donald Waller... T. P. Peterson... C. K. Yockey (Alpena)... A. J. Nelson, one of Pat Van Wagoner's key men who keep Michigan's fine roads open Summer and Winter... Verne Dagen (Houghton Lake)... O. P. Schumann, Grayling's very able publisher... Ben Wright, secretary of the Alpena Chamber of Commerce... Frank Davis (Bay City), director of publicity for the East Michigan Tourist Association... W. Webb McCall, Mt. Pleasant publisher... Fletcher Davis (Alpena)... and Jesse M. Green (Roscommon). And a lot of other good folks.

THANKS THE COMMITTEES

This past week was a busy one, when Grayling Winter Sports, Inc., was host to many prominent guests, especially the ten major league baseball players. There was much to do in preparing for the queen's ball, selecting the queen's court, entertaining guests and many other activities, and I found the committees very fine to work with.

I wish here to express my thanks and appreciation to all those who had a part in this event. Especially Mrs. A. J. Joseph and Mrs. Harold MacNeven of the ball decorating committee; Mrs. Clippert, Mrs. Esborn Hanson, Miss Margrethe Bauman and Mrs. C. J. McNamara of the queen committee.

And Mrs. Clippert for giving a tea at her home Saturday afternoon to the visiting baseball players' and newsmen's wives and others. I do appreciate everything that was done to help make the occasion a memorable one.

Sincerely yours,
BIRDIE TEBBETTS.

Gaylord Trounces Locals 29 To 9

Last Friday, the Gaylord Blue and Gold basketeers easily defeated the Grayling Northern Lights by a score of 29-9.

The Gaylord five led throughout the game and displayed plenty of class. The ball handling, shooting, and defense of the Blue and Gold team was great to watch and with the same type of basketball they'll be hard to beat.

The Graylord five were unable to penetrate the Gaylord defense and as a result were lacking in an offensive way. Not in any way belittling the powerful Gaylord team, it was felt, Graylord had played better ball this year and in the return game at Gaylord the boys are anxious to make a better showing.

The Graylord Reserves swamped the Gaylord seconds, 24-12. In using fifteen men the "B" squad showed plenty of strength for future years. Of the men used in this game eight were freshmen and four were sophomores. The starting five consisted of freshmen entirely.

The Northern Lights will play games away from home until February 2nd when the Classy Alpena Thunderbolts will appear at Grayling.

GRAYLING SCHOOL

The hot lunch project was started on Monday, January 8th. There are 23 girls in the club who will rotate duties for the two months that the lunches are served. Eighty-five lunches were served the first two days.

Infantile Paralysis Chapter Starting Drive

The Crawford County chapter of the National Foundation for Infantile Paralysis will launch their drive in their "Fight In Infantile Paralysis" campaign Monday, Jan. 15, after six weeks preparation.

The drive this year will be supervised by Norman Butler, county chairman and he will be assisted by the following committee: Chairman, Supt. Gerald Poor; Mrs. Maurice Gorman, Activities in Crawford County schools; Mrs. Harold Hatfield, the placing of coin collection boxes.

Anyone wishing to contribute to the "Fight Infantile Paralysis" fund or become a member of the chapter by contributing \$1.00 or more should contact Norman Butler, county chairman, or Mrs. Agnes Bissonette, secretary-treasurer, and receive their membership card and emblem.

The National foundation was organized Jan. 3, 1938 under the laws of the state of New York and is a non-political and non-profiting corporation. It should not be confused with other foundations as it has no connections except its own local chapters, of which there are now one in each of Michigan's 82 counties.

The first year it was organized, all of the proceeds of that year went to the National Foundation and there being such a tremendous demand for direct local relief, it became obvious that part of the money raised annually should be left in the community in which it was raised and in 1939 50% of the funds raised was left in each community to render direct assistance to those afflicted with infantile paralysis, regardless of age.

The purpose of the National Foundation, which derives its funds from the 50% of the proceeds of each annual drive in various communities, is to make grants for virus research, and the elimination if possible, of the disease itself, and for the study of the prevention and treatment of the after affects of the disease.

Last year University of Michigan and the Michigan Department of Health, Lansing, received grants from the National Foundation. 42 other such grants-in-aid have been made to date throughout the country.

Among those affiliated with the foundation are Dr. Thomas Parrott, surgeon general of the United States. Dr. Max M. Peete, University of Michigan, Dr. S. D. Kramer, Michigan Department of Health, Lansing, Mich., Dr. Don W. Gudakunst, U. S. Public Health Service, Washington, D.C. Agnes Bissonette, Recording Secretary.

Speaker To Address Grayling School Jan. 17

The Reverend Mr. Reginald Berry, special speaker for the Michigan Tuberculosis Association, will appear before a Grayling high school assembly at 9 a.m. Wednesday, January 17, according to G. L. Poor, superintendent of schools. Mr. Berry

glad to make the acquaintance of the new men.

John Fataenoff and Marcel Bartos went to Ft. Wayne hospital last week. We hope they have a speedy recovery and will soon be back with us.

Once again our old friend "Tony" Thomas is in the lime-light, Tuesday he reported, to the Company Commander that he saw a flock of eighty geese (there may have been eighty-two) flying north. As they were bunched up rather closely we doubted very much that they were geese. Upon due investigation we found that he had on his high power glasses and it was a flock of snowbirds.

The Army truck is off on another trip to Camp Custer for clothing for the new enrollees. The shelves in the supply room are nearly bare and some of the men are very short of clothes.

It has come to our notice that the Company Commander and the Project Superintendent are living in the same building at Grayling and they are getting along fine.

CAMP AU SABLE V-1870 Co. CCC

The finishing touches are being put on the kitchen and we will soon have one that will rival the average hotel kitchen.

The cabin occupied by Army truck driver Gordon Dennis, caught fire Sunday from a defective chimney. Considerable damage was done to the cabin and some clothing was destroyed.

Chaplain Samuel visited us Sunday, holding a helpful meeting in the mess hall.

The usual truck load of men attended religious services in Grayling Sunday.

The heating plant is being installed in the greenhouse. We will soon be starting experimental work.

Thirty-three new enrollees came in Saturday and Sun'day, bringing the company strength back to the 200 mark.

Frank Ingram returned from the station hospital Sunday, and Szczenian Szymanski went there Sunday night for special treatment.

Dr. Theodore Raphael, itinerant dentist is here this week fixing up the teeth of the men in camp.

The work at the airport is rapidly nearing completion, while the landscaping at Forestry headquarters is progressing nicely.

Bruce McGregor, M.S., CCC foreman, is back on duty after a three month's absence due to an injury to his knee.

The new furniture has been installed in the canteen, greatly enhancing appearance and comfort of the canteen.

The movie "The Gracie Allen Murder Case" delighted the members of V-1870 last Thursday night. "Murder Is News" is the subject for this week. Seems as though they think we enjoy murders.

Mr. DeLange introduced the new men to our equipment, projects and procedure Tuesday. The first part of the program was a lecture in the library. This was followed by a tour of the camp and after dinner a visit to the various work projects now under way.

Public Notice

Beginning Dec. 12, I will be at the Town hall every Tuesday and Saturday thereafter, until Jan. 10, to collect township taxes.

Clare Madsen, 11-23-1f, Treas. Grayling Twp.

NATIONAL TRUCK WEEK at your Chevrolet dealer's JAN. 8 to 13

ALFRED HANSON - Grayling

This Is National Truck Week

(By W. E. Fish, Manager, Commercial Car Dept., Chevrolet Motor Division)

The country-wide observance by Chevrolet dealers and salesmen of National Truck Week Jan. 8-13, focussed attention on the diversified roles which commercial cars have come to play in the American business picture.

From the small retail grocery to the manufacturer of locomotives, from coast to coast and border to border, from the Iowa farm to New York's docks, trucks are called upon to transport a vast share of the nation's products.

As the manufacturer of the broadest range of commercial car equipment offered for 1940-56 models on nine different wheelbase lengths, Chevrolet is the supplier of transport equipment for widely-varying fields. Some Chevrolet trucks, for example, run on rails in boggy lands where roads will not hold up. Others ride the rails as locomotives, serving short railway lines. On every highway, Chevrolet maintenance trucks bearing their specialized equipment, serve the nation's motorists. In the forests, on the farms, at the mines, Chevrolet trucks wait for their loads. In the cities, and between urban centers, refrigerator units rush their perishable loads. To and from school, safe, comfortable buses take their precious cargo of youngsters. The range of the truck's usefulness is virtually unlimited.

Our dealers in some 6,000 different cities in America will have on display this week various models of the 1940 trucks. The improvements made in these units over any previous models better qualify them to handle the jobs for which they are intended. National Truck Week is the dealer's opportunity to invite truck buyers to his place of business for a personal inspection of this new equipment.

Its date was set early in the new year to acquaint fact-seeking businessmen with the type of equipment that modern manufacturer has made available to them. Chevrolet for 1940 has the most complete line it has ever offered. The importance of this single manufacturer in the truck production picture is indicated by Chevrolet's record of being the nation's choice for commercial transportation throughout the past nine years.

Use of Term Chin-Chin
Chin-chin is a term used in greeting or farewell derived from the Pekinese "ching-ching." It corresponds to the English "thank you" or the French "adieu."

FREDERIC SCHOOL

The Primary room are starting a library project; they are making their own books. They already have some books finished, a house book and a dog book.

The Primary reporter witnessed the celebration of Edna Dunckley's birthday. It was very exciting.

The Primary room is studying the calendar since this is the beginning of the new year.

The Third grade is making a movie of Snow White and the Seven Dwarfs.

Those receiving a "B" average or over in the third and fourth grades are Arla Barber, Nancy Hodge, Jane Rove, Jeannine Stillwagon, Joyce Howse, Joan Madil, Gretchen Payne.

Our new grade teacher, Mr. Stephenson, is a band director, and is establishing a band. This is the first time that our school has had anything of this kind. We hope it will be a success. Mr. Stephenson is also starting an adult band, which will practice one night a week.

Our basketball teams play Merrit on our floor Friday night. Both boys and girls play. We hope that the girls do better than they have before with Merrit.

Our team of cheerleaders have had twin uniforms ordered for them, in the hope that it will increase their enthusiasm so they'll be able to raise the roof off the gym—of course with the help of the spectators.

Bobbie McCormick has been looking for a post to hang his sign on. What kind are you looking for Bobbie—a telephone post or a Caroline Post?

At the snow carnival there were several fellows and girls carrying candy kisses in their pockets.

Trying to get in form after the Christmas and New Year holidays no social clubs were held, but they will continue with their work again this week.

The Home Economics class are studying "Kitchen Planning and Equipment."

The Biology class are planning on a trip to the Hummel Dairy this week to watch the process of milk pasteurization.

In a few days everyone will start cramming for the final exams which start Jan. 17th.
